# Use **YOUR** vote to make a difference for Nurses and Midwives

Dear Voter,

I have put myself forward for election to the NMBI. With your help I am confident I have the experience, education and training to make a difference in the working lives of all nurses and midwives across Ireland.

If I am elected, I assure all members that I will represent your views and concerns on the Board to the best of my ability.

## **My priorities include:**

- Continuously working to improve education standards and requirements for nurses and midwives.
- Supporting quality patient safety and prioritising patient centred care.
- Driving the agenda for ongoing professional development and training.

I hope you will consider me for your No. 1 vote. If you would like to contact me please do not hesitate to do so.

**You can vote for me by logging on to the NMBI website from the 25th November 2015 at 9.00 a.m. until the ballot closes on 30th November 2015 at 4.00 p.m.**
